Sir,

Forests - (Coimbatore) - Kollegal Division - Lease - Cardamoms - Doddasampagai R.F - Relinquishment by Mr. R.C.Morris.

I enclose a copy of the letter of Mr.R.C.Morr of Honnametti Estate, Kollegal taluk, intimating his intention to relinquish 140 out of 147 acres of land leased to him for cardamom cultivation and also copies of the reports of the District Forest Officer, Kollegal and of the Conservator of Forests, Coimbatore, thereon. There is no objection to accepting the relinquishment of Mr. Morris. There is also no need to ask him to pay for the cost of survey and demarcation of the seven acres to be retained by him, as a perusal of the enclosed sketch will show that it is already demarcated.

2. I agree with the view of the Conservator of Forests that Mr. Morris's request that he may be permitted to remove the cardamom plants from the relinquished area for use elsewhere, cannot be allowed.

Cardamoms Leased Areas.

I wish to relinquish the Cardamoms leased area I hold west of Honnametti Estate (above the Estate), with the exception of a small portion at the northern end, of about seve acres. The area to be relinquished will, therefore, be about 140 acres.

This area has given me no return whatsoever since it was planted; and as assessment has to be paid in advance on October 1st 1940 next if retained I consider it advisable to give notice of relinquishment now.

I trust I may be able to retain the Cardamom plants in the area until next planting season, when they will be extracted and utilised elsewhere. The plants are not bearing any crop, as may be seen from inspection.

Subject: Lease - Cardamoms - Area leased to Mr.R.C.Morris in Doddasampagai Reserved Forest - Kollegal Division - Relinquishment.

I enclose a copy of the letter dated 12th September 1939 from Mr.R.C.Morris for information. He proposes to relinquish 140 acres out of 147 acres that still xxx stands in his name.

2. In G.O.No. 1827 Dev., dated 22nd December 1931, an extent of 184 acres of land in the Doddasampagai Reserved forest was leased out to him for Cardamom cultivation for a period of 25 years.

3. In 1934, he relinquished an area of 37 acres, which had proved useless, and this was accepted by Government in G.O.No.669 Mis., Dev., dated 18th May 1934, on the understanding that Mr.Morris bore the cost of survey and demarcation.

4. He now proposes to relinquish the entire area except a small portion at the northern end of about 7 acres. I have requested Mr. Morris to send me a sketch of the area of 7 acres that he proposes to retain. The area to be relinquished is about 140 acres. He says that this area gives him no return. He adds he has given notice of his relinquishment now, as he would have to pay assessment in advance on October 1st, if he retained the area.

5. But he wants to retain the Cardamom plants in the area until the next planting season when he will extract them and utilise them elsewhere. The plants are not bearing any crop.

6. I request your orders in the matter.

District Forest Officer.

Endorsement of the Conservator of Forests, Coimbatore Circle on Kollegal District Forest Officer's letter No. 1914/39-A dated 17th September 1939.

R.O.C.No. 2372/39-A-1

Forwarded to the Collector of Coimbatore.

Mr. Morris intimates his intention to relinquish all but about 7 acres of the land leased to him for the cultivation of cardamoms. The lease of the land was approved in G.C.No. 1393 Dev. dated 21-8-1928. There appears to be no objection to this provided Mr. Morris bears the cost of survey and demarcation of the 7 acres to be retained by him.

He asks further to be permitted to remove the cardamom plants from the relinquished area, for use elsewhere, after he has ceased to be the lessee of ~~xxx~~ this land. Clause 15 of the lease ~~xx~~ reads as follows:-

> "The lessee shall, as soon as the period of the lease expires or on its earlier termination, as the case may be deliver up to the Government the land together with all crops trees and buildings which shall then be standing thereon"

In view of this I do not consider it possible to grant Mr.Morris's request.

As in the case of a previous relinquishment (referred to in the District Forest Officer's letter) the acceptance of Government may be obtained. I presume you will address Government through the Chief Conservator of Forests.

A sketch showing the leased area and the part which Mr.Morris wishes to relinquish is enclosed.

To A.S.

An extent of 184 acres of land in the Doddasampagai Reserve forest was leased out in 1932 to Mr. R.C. Morris for Cardamom Cultivation for a period of 25 years. In 1934, he relinquished an area of 37 acres. Out of the balance of 147 acres, Mr. Morris now requests that :-

(1) he may be permitted to relinquish the entire area except a small portion at the northern end of about 7 acres.

(2) he may be permitted to retain the Cardamom plants in the area until the next planting season when he will extract them and utilise them elsewhere.

Item (1) above : The Conservator of forests Coimbatore Circle has no objection to the relinquishment provided Mr. Morris bears the cost of survey and demarcation of

of the 7 acres to be retained by him. The Collector has also no objection to accept the relinquishment, but says that there is no need to ask him to pay for the cost of survey and demarcation of the seven acres to be retained by him as it is already demarcated. The C.C. ~~simply~~ recommend the relinquishment of the area proposed by Mr Morris.

Submitted for orders whether the Collector's recommendation may be accepted.

Item (2) above: The D.F.O. states that the plants are not bearing any crop. In view of clause 15 of the lease, the Conservator does not consider it possible to grant this request. The Collector agrees with the view of the Conservator. But the C.C.F. reports that as the plants are of no value to Govt. as they do not bear fruits, there is no objection to permit Mr Morris to remove the plants to a place where they will bear fruit.

In the circumstances it is submitted for orders whether ~~the Conservator and the Collector's view may be accepted~~ Mr Morris' request will be granted.

Subject to orders a draft order is submitted for approval.

e Collector of Coimbatore is informed that the Govt. have no objection to Mr. R.C. Morris relinquishing about 140 out of the 147 acres of forest land which is under lease to him for Cardamom cultivation and to his removing the Cardamom plants in the area for use elsewhere.

2. The relinquishment will however take effect from the date on which Mr. Morris removes the Cardamom plants from the leased area. Assessment should be collected from him upto and including the year in which the plants are
